MEMO NO: ORG-035

FROM: Organization Center—Renu Debozi

SUBJECT: Clarification and Reporting of 2009 Buddhist Learning Review

---

Dear District Leaders:

Thank you very much for your sincere and dedicated efforts to promote the 2009 Buddhist Learning Review. It is our objective to have as many people as possible to deepen their understanding of Nichiren Buddhism. The learning review can be a tool to help this effort. Through the review, we'd like to emphasize for each person to expand their understanding of this Buddhism and deepen their faith.

This year we will not use booklets to conduct the learning review. An explanation of the study guides, questionnaires and review answers is attached. We will utilize our organ publications, the *World Tribune* and *Living Buddhism*, the SGI-USA website and organizational memos to communicate the material. We encourage everyone to subscribe to the periodicals and enjoy the great resources available on our website.

A participation form is attached. All participants who take the Review should be included in the report. Please utilize this form to report participation by language. Reports by chapter should be compiled by each region/zone and sent to the territory by November 10th.

For the facilitator guide, please refer to Study Department Memo STY-003 dated August 20, 2009.

Should you have any suggestions to improve the study review process, please feel free to send your comments to [orgcenter@sgi-usa.org](mailto:orgcenter@sgi-usa.org). We deeply appreciate all your endeavors and support of the SGI-USA's Buddhist learning movement!
